

Further detail the costs of CMALT registration can be found at <https://www.alt.ac.uk/certified-membership/cmalt-registration>

The ALTNI policy on CMALT cohort costs is:

- There is no cost for participation in the ALTNI CMALT Cohort
- Candidates are responsible for sourcing funding for their registration as a CMALT candidate with ALT
- ALTNI will liaise with ALT at the time of registration to secure a discounted registration fee where possible
- If any funded registration places or bursaries are available, these will be communicated and allocated in a clear and transparent manner. Any funded place or bursary is related to registration only, and not any ongoing fees.
- Upon a candidate's successful accreditation, an annual fee is due to ALT in order to maintain the advantages of certified membership. It is the responsibility of the candidate to maintain good-standing with these fees.
